

Lesson and Lifeguard Credentials

All of our lifeguards are Red Cross Water Safety instructor Certified. We offer both the Preschool Aquatics and the Learn to swim courses. Courses offered; <http://www.redcross.org/take-a-class/program-highlights/swimming>

Both courses are listed on the link as a general description. Once on the page, there are additional links to the separate courses. Mankato Golf Club offers sessions that can be booked for as many weeks (consecutive or not) as a person would prefer. If you know what course your child will be entered in (or even if you don't know) they will still get an initial assessment to verify level and progress from there. Children that have been instructed before at the MGC pool we have the records on file as to the courses they have been in and whether they have completed that level.

Lifeguards and years of service

Andy V- Head lifeguard – 3rd year at MGC, 25 years coaching swimming, 2 years for Mankato Area Rec. Services, 1 year at the Y

Clarifying our definition for a group rate:

1. The group is designated for 2, 3 or 4 kids. No more than 4 will be accepted in a group
2. A group of kids signed up together may not be taught by the same teacher. Determined by ability level.
